Deadlines for newsletter contributions is the 20th of the month.
 Opinions and views expressed in this newsletter are not necessarily endorsed by the branch, its executive committee or the national association.

Presidents Report's – October 2015

Well here we go again for another month ...I can't believe how quickly this year is ticking over. I'm starting to count the sleeps until the Tahr hunt and soon after that it will be downhill to Christmas.

Last month I mentioned the issue of some members not receiving Hunting & Wildlife which appears to be more common than not so if you are at the next club night there will be some copies available.

There is another working bee scheduled at the range for Saturday 3rd October so if you have got some free time we would appreciate some assistance to complete the insulation installation plus other jobs Grant has planned. Grant and Peter have been busy compiling relevant information to enable the club to apply for funding to build a range admin building to be sited where our top container is situated. Hopefully we will be successful in this and be able to continue the development at the range.

We have Huntech as our guest speaker this club night so please come along and enjoy the evening. Kelvin has organised Kevin & Carol Watson from Advanced Archery to speak at our December night and I'm sure most of you will recognise the names of these bowhunters from articles they have written in many hunting magazines.

Due to the timing of the Tahr hunt the committee has decided to shift the November meeting to the second Tuesday of November as a large number of members would be away on this hunt.

That's it for this report, hope you are all managing to get some hunting done.

Clyde

Range Working Bee – 3rd OCT

The next working bee at the range will be on
3rd October starting at 9.00am

Things to do are:

- Finish framing up the back wall of the shooting building and completing the acoustic insulation. **BUILDERS required please.**
- Tidy up the 2 containers and build some shelving/benches in them

Bring spade, shovel, hammer, power drill, warm clothing

A BBQ will complete the day at about mid day.

There is a group event on our Facebook page about it (<https://www.facebook.com/events/477821032399486/>), so use Facebook to confirm if your coming, or let me know by txt to 021 137 3831 or email me at nzvarminter@gmail.com

Cheers Grant

General Updates

Central Districts Field & Game Club Inc. Gong Shoot.

Date – 4th Oct 2015; Venue – Colyton; Time – 9.30am;

Cost \$25; Contact – Colleenzturn@hotmail.co.nz

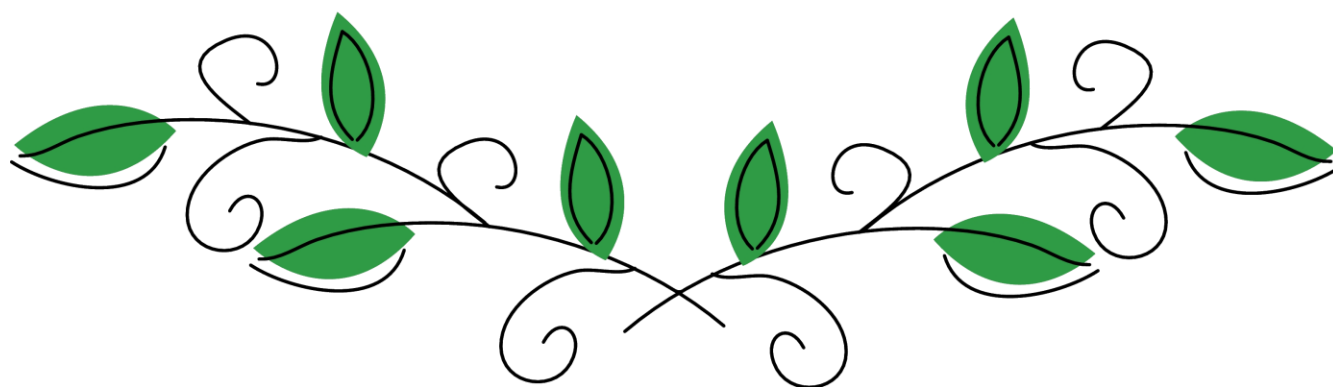

The next **range working bee** will be on Saturday 3rd October at 9.00 to complete the acoustic insulation and install the wind cloth. The working bee will be rounded off with a sausage sizzle.

A smart choice

As we slowly move towards retirement, we need to keep ourselves occupied with small projects.....

Like this guy.

I know, I saw it right away too....

No safety glasses or hearing protection. And I caught something else that is really important: he has no gloves on. I might be up in age but I am still sharp as a tack.

Branch Hunts

September 12-13th Fly camp in the Kaimais

The plan is to leave Tauranga Friday 11th about 3pm, car pool to Te Tuhi road and walk in to the junction of the Te Tuhi and Mangamuka track. Hunt all day Saturday and Sunday morning, come out after lunch Sunday. For info and to register ph Peter 5799274 evenings.

October 23 -26th Maungapohatu Labour weekend hunt.

Car pool from the clubrooms 8am Friday 23rd, walk into the Makomako or Taurawharana Hut. For info and to register ph Peter 5799274

October 31st Tahr Hunt

November 21-22 Fly in hunt to the Ureweras or Kaimanawas, depending on the most popular choice. For info and to register contact Chris at chris@versatileproducts.co.nz The sooner you contact Chris about this one the better as it takes a bit to organize the chopper!

December 05-06th Waipakihi Valley off the Desert Road.

Fly camp hunt. For more info and to register contact Paul on 5430950 or Jason 027 303 6096

January 16 - 17th Te Waiti Hut.

For more info and to register contact James ph 027 9570649

The hare hunt in January is still to be confirmed. Usually Late January

February 06-08th Family Camp at Minginui. More info in the next newsletter, we need to book this well in advance.

No organized branch hunts in March and April. Get your mates together practice roaring and go out and get them!

We are also organizing hunts now for May, June, and July. Info in the newsletter and on facebook as we get them together.

You can also catch up with any of the branch hunts contacts at the monthly meetings.

Hunting Safety Guidelines

Hunting Safety Guidelines (Some suggestions from committee discussions)

1. It is recommended that hunters wear Hi-Viz clothing at all times while in the hunting block.
2. Alcohol may only be consumed after the days hunting is completed.
3. Illicit drugs will not be tolerated.
4. Only load your weapon when ready to shoot at your quarry.
5. Identify your target beyond any doubt.
6. Check the firing zone for people, non-target stock, buildings etc.
7. Never fire above the skyline.
8. Unload your weapon with the barrel pointing away from any potential hazards.
9. Never skylark with weapons.

Dave's Bush Updates

Just been in the bush for 5 days. I got a few possums and a cat that's been on the trail cameras a few times. Enclosed are photos of 2 pigs in good condition that have been feasting on the possums. Now I just have to figure out how to get them. Check out the new drone launcher that I have just bought. Sharon reckons that I am having a late life crisis!
Dave S

Dave's Bush Updates ...cont.

18 September

Just out of the bush. Got a few possums and one of the pigs that I sent a photo of last month. Got him in my trap on the 4th night .A good size boar about 4 years old so its pickled pork for tea tonight yea. I cleared 3 of the trail cameras while in the area ..Enclosed is some of the photos and one of the pig that I trapped. It was a big carry out to the road end as I had the empty gas bottle in the pack as well. The weather has started to warm this week so there will be more movement of deer for my cameras.

That's all for now.

Kaimai Mamaku Catchments Forum

Update on the Kaimai Mamaku Catchments Forum

1. Background

“The Department of Conservation’s Tauranga Area Office, in conjunction with Environment Waikato and Environment BOP, are undertaking a preliminary survey of the views from groups and individuals with regards to the health and use of the Kaimai ranges.” This from correspondence April 2008.

It was recognised then that a wilderness area so close to Auckland, Hamilton and Tauranga was going to receive ever increasing attention and use. At the very least we have an obligation to future generations to maintain the status quo and if possible improve conditions.

The Kaimai / Mamaku ranges present unique problems. In the past there has been a general lack of concern for most matters environment, resulting in erosion, sedimentation and harbour / river pollution and a loss of habitat for our native species. The general area has high rainfall and steep topography down to the highly populated plains and foreshore; diverse agricultural activities and a public that is becoming more demanding in its recreational requirements; an huge number of interest / pressure groups, making co-ordination and co-operation difficult. The fact that the Kaimai / Mamaku Catchments drain in nearly every direction, determines that there is an huge area (not just the ranges) with diverse cultural, commercial, agricultural and residential requirements that the Forum must take cognisance of.

Things have moved on considerably since then. After many meetings, and hours discussing each interest group’s issues, communication and, it seems, co-operation between groups has blossomed. Three-monthly meetings between all the interested groups have occurred with usually very good attendance and representation has been a key feature. The upshot is that we now have a way ahead that all groups have agreed to in principle.

2. Strategic Plan

Through the efforts of this group a “Strategic Plan for the Kaimai Mamaku Catchments” has been ratified and is in the process of being used as a base for making management decisions for most matters Kaimai / Mamaku. Three key outcome areas are now recognised;

- **Water**
- **Biodiversity**
- **People**

A. Water

- Improve fisheries stock (eg koura, eels, whitebait etc).

- The streams and wetlands support diverse and healthy ecosystems (eg. exclude stock, riparian planting, re-establish wetlands, reduce sediment sources).
- Reduce contaminants generated by human activities.
- Water allocation is equitable and efficient.
- Flood minimisation (ref. new developments).
- Reduce sediment runoff.

B. Biodiversity

- Manage animal and plant pests, ie managed pest control programmes with appropriate methods and monitoring.
- Re-introduce lost indigenous species where appropriate.
- Recognise that the neighbouring Kaimai / Mamaku properties must be included /supported in the plan (not just the areas included in the project area).

C. People

- Develop an awareness of the values and culture of co-operation and communication between all interest groups, (eg. Website, local communities, user groups, schools, agencies etc).
- Provide a wide range of well managed recreational opportunities.
- Ensure that a wide range of information is available on the Kaimai / Mamaku area and it's environs.
- The Waihou and Tauranga Harbours are sustainably managed.
- Cultural issues are recognised for all users.
- Sustainable land and water management.
- Dedicated, enthusiastic people are vital to drive the concept.

This is the key outcome;

“The Forum is recognised as the key voice for the Kaimai / Mamaku communities and is effectively engaged in planning and funding opportunities relating to the Kaimai / Mamaku project area”.

The Forum has become a vehicle at which interest / pressure groups have their say and discuss their differences. It is also recognised as the venue to go to where recommendations can be obtained with reasonable surety that the majority of the “community” support proposed action. Action should be the name of the game as most differences have already been ironed out. Quick action to a problem is expected and in many instances quick action is vital.

It behoves us all to be very concerned about our environment as we only have one and recovery is much more difficult than protection.

3. Funding

In conclusion, little time so far has been spent on funding streams as this is the next hurdle to cross for the Forum. Success or failure will be dependent on this aspect!

Watch this space.
Dave Bragg
Secretary

BOP Branch Personal Locator Beacons (PLB's) For Hire

Available to Branch members for hire. These devices can save lives by drastically reducing Search and Rescue times.

Members will need to:

1. Book the units in advance.
2. Be a current member and show their membership card when picking them up.
3. Fill in an Outdoors Intention Form to be held by the Branch custodian issuing the unit.
4. Pay a \$40 cash bond, refundable on return, in original condition and on time.
5. Pay a \$10-20 donation per trip, on return, for hire of the unit.

Hire will be on a per trip basis, based on a maximum of a 21 day trip. The units will not be insured because of the cost, so any damage or loss will be payable by the user (approx. \$640). There is no cost for the renewal of the unit if it is used in an emergency but if possible we will need it returned. Any costs incurred for rescue by emergency services or false PLB activation will be the sole responsibility of the user.

Branch PLB Custodians:

- Dean Maisey, Welcome Bay, Ph. 544 2207
- Keith Theobald, Greerton, Ph. 578 1195
- Baden Prentice, Bethlehem, Ph. 579 3107 (pick up can also be made from Newton St, Mt Maunganui by prior arrangement)

Application for Membership of the Bay of Plenty Branch of the New Zealand Deerstalkers Association (Inc.) 2015/2016

To:

New Zealand Deerstalkers Association (Inc) Bay of Plenty Branch
 P O Box 3111
 Greerton
 Tauranga 3142

Dear Treasurer,

I am applying for membership of the Bay of Plenty Branch of the New Zealand Deerstalkers' Association for the 2015/16 year (March 1st 2015– February 29th 2016).

My details are as follows: (Please print in capitals)

Surname:	Given Name/s:	
Address:	Suburb:	
City/Town:	Post Code:	
Telephone:	Cell phone:	
Email:	Newsletter By: Post <input type="checkbox"/> Email <input type="checkbox"/>	
Occupation:		
Family Members: (please see over page for more information)	Name: _____	DOB: _____
	Name: _____	DOB: _____
	Name: _____	DOB: _____
	Name: _____	DOB: _____
Date of Birth if Junior or Superannuant	____ / ____ / _____	Junior less than 18 as at 1 March 2014. Superannuant over 65 as at 1 March 2014.

Membership benefits:

- 🦌 NZDA \$10 Million Liability Insurance Cover, including \$1 million rural fires extension.

HUNTS COURSE PHOTOS

CODE OF ETHICS

A peculiar virtue in wildlife ethics is that the hunter ordinarily has no gallery to applaud or disapprove of his conduct. Whatever his act they are dictated by his own conscience, rather than by a mob of onlookers. It is difficult to exaggerate the importance of this fact.

Aldo Leopold, The Sand County Almanac.

A member of the New Zealand Deerstalkers' Association Incorporated will be expected to;

1. Approach recreational hunting from the highest possible level of ethics, having due regard to the welfare of the animals hunted, and prevention of cruelty to the same
2. Not hunt or carry a firearm on property without the proper approval of the owner, occupier of controlling authority and shall strictly observe any conditions imposed upon him
3. Be a responsible firearms owner and abide by current Firearms Laws
4. Avoid unnecessary or deliberate damage to the environment, respect property, and other users of the outdoors
5. Advocate sensible conservation practices at all times and promote New Zealand's biodiversity 'in situ'
6. Practise the Field Guidelines when out hunting
7. Be exemplary members of NZDA by promoting and abiding by its Rules, Field Guidelines and this Code of Ethics.

Give Your Fence A Brand New Look

Fence Guard is a 100% acrylic specifically designed for fences. It can be applied directly to timber without the need of a primer or undercoat. It has a very low sheen level which is particularly suitable for coating rough sawn or textured surfaces.

Come in and talk to us at Versatile Products and we can give you simple instructions on how to get your fences and other exterior timber looking brand new again.

PaintPlus paints offer outstanding cover, opacity and durability in any colour under the sun. These high-quality, fast-drying paints are allergy safe, with practically no odour. Every single PaintPlus coating is certified eco-friendly.
