Presidents Report's – November 2015

Hello to you all and welcome to our new members.

By the time you receive this newsletter the Maungapohatu party hunt will be a memory and those members heading south for the tahr hunt will be packing their pyjamas for another great trip to the southern alps.

Over the last few weeks the news has been dominated with the accidental shootings of two hunters. Our organisation has pushed the message for firearms safety at every opportunity with the main focus to identify your target. Please remember the other six rules which are just as important: Rules 1 and 2Treat every firearm as loaded and always point firearm in safe direction.

For those that didn't make the October club night you missed a good evening with Paul from Huntech and Jim from Hunting & Fishing displaying the new range of products from Huntech. Some of us went home a little lighter in the pocket but we really needed the new stuff, as you would know!!

Don't forget that next club night will be the second Tuesday of November and we will have Don Hammond from Game Animal Council as our guest speaker. We will also have time for some Tahr trip photo presentations.

Stay safe
Clyde

CODE OF ETHICS

A peculiar virtue in wildlife ethics is that the hunter ordinarily has no gallery to applaud or disapprove of his conduct. Whatever his act they are dictated by his own conscience, rather than by a mob of onlookers. It is difficult to exaggerate the importance of this fact.

Aldo Leopold, The Sand County Almanac.

A member of the New Zealand Deerstalkers' Association Incorporated will be expected to;

1. Approach recreational hunting from the highest possible level of ethics, having due regard to the welfare of the animals hunted, and prevention of cruelty to the same
2. Not hunt or carry a firearm on property without the proper approval of the owner, occupier of controlling authority and shall strictly observe any conditions imposed upon him
3. Be a responsible firearms owner and abide by current Firearms Laws
4. Avoid unnecessary or deliberate damage to the environment, respect property, and other users of the outdoors
5. Advocate sensible conservation practices at all times and promote New Zealand's biodiversity 'in situ'
6. Practise the Field Guidelines when out hunting
7. Be exemplary members of NZDA by promoting and abiding by its Rules, Field Guidelines and this Code of Ethics.
